Dear Colonel Thiede:

Application for Department of the Army Permit, PODCO-O 1594-S
Waterfront Manor Project
Waipahu, Ewa District, Oahu

The Environmental Center has reviewed the above application with respect to the information presented in the Draft Environmental Impact Statement for the Waterfront Manor Condominium Project. Our concerns focus on the potential impact of the loss of the wetland habitat suitable for Hawaiian stilts and potential problems associated with the water quality of Middle Loch.

A copy of our review of the Draft EIS for this project is attached for your information. In your permit decision making process, we would appreciate your consideration of the concerns we have expressed.

Yours truly,

Diane C. Drigot, Ph.D.
